

We Seek to Inspire the Next Generation of STEAM Leaders

Our 27 Teams

Thunderpups, *FIRST* LEGO League, K-3rd
 Lightning Wolves, LEGO Robotics, 4th-5th
 Lightning Thieves, 6th-8th
 Red Thunder Robotics, 9th-12th

Donate today!

100% of any support offered to Wolfpack Robotics, a charitable 501(c)(3), goes directly to the students. The annual budget of Wolfpack Robotics is \$100,000, which is spent on registration and travel fees, in addition to raw materials and necessary hardware.

Wolfpack Robotics

PO Box 23, Laingsburg, MI 48848
 EIN: 92-1045931

A nonprofit public charity under 501c3

Through *FIRST* robotics, our members gain a priceless opportunity to experience STEAM and learn career and college skills not found in traditional K-12 curriculums, including giving back through volunteering.

Strengthening Our Community

- Developed a year long monthly food drive for Laingsburg Area Food Bank
- Building beds with Sleep in Heavenly Peace
- Mentoring younger robotics teams
- Lions Club events, dinners, and fundraisers
- Robotics Read Aloud to grade K
- K-6 STEM summer camp
- Girls Who Code with Girl Scouts
- Volunteering at *FIRST* robotics events
- Hosting *FIRST* robotics events

- ⚡ 10% of Laingsburg K-12 students in program
- ⚡ 36% female demographic K-12
- ⚡ 287% growth in since 2024
- ⚡ Winner, 2026 Division at State Champs
- ⚡ Winner, 2026 State Industrial Design Award
- ⚡ Winner, 2026 Mt. Pleasant District Event
- ⚡ More than 1,500 annual volunteer hours
- ⚡ Organized year-long food drive for Laingsburg
- ⚡ Host of InnovateHER all-girl FTC event
- ⚡ Expanded *FIRST* with 11 LEGO teams in Bath Schools

Girls in

I have found a place where my voice matters. I am able to learn skills that I may want to do as a career someday.

- Molly, 8th grade apprentice (2026)

Starting Early

Through our summer camps, STEM Nights, and LEGO League teams, we provide opportunities for young learners to engage in coding and innovation.

How You Can Help

Wolfpack Robotics, a 501(c)(3) nonprofit, relies on the support from organizations like yours. One of the most effective ways is to support us financially. Your sponsorship would provide funding to acquire the necessary materials used to construct robots such as aluminum, plastics, motors and electrical devices, sensors, batteries, hand and power tools, fasteners, drivetrains, and LEGOs.

In return, we hope to collaborate to support the talent pipeline of your organization. We also offer advertising space on our robots, on our banner, and on our team t-shirts.

Businesses may also provide support to our teams through in-kind donations in lieu of monetary sponsorship.
